

Caring for Country

MUSIC

Competition

Caring for Country through biosecurity and song!

The Caring for Country Music Competition is a partnership between the Commonwealth Government, NT Government and MusicNT to raise awareness of the importance in caring for our country through effective biosecurity. Biosecurity protects and maintains the overall health and wellbeing of the land, its ecosystems, and all who depend on it.

Calling all NT singers, musicians, songwriters, schools and communities to bring your songwriting creativity to life!

Get together with your friends, family, school, class, band—or enter solo—and grow your knowledge of biosecurity as you write and perform your song.

Open 16 July–20 Sep 2024

PRIZES!

Schools \$2500 | Individual \$1500 | Group \$2500
Most Innovative & Creative \$2500
People's Choice \$2500
