Reasons

Background

2. Pursuant to section 58 of the Act, Karen Sheldon Group Pty Ltd (“**the applicant**”) lodged an application with the Director-General of Licensing (“**Director-General**”) on 23 July 2019 for the grant of a special licence to permit the sale of liquor to patrons attending the annual National Aboriginal and Torres Strait Islander Art Awards (**NATSIAA**).
3. The NATSIAA will be held on Friday, 9 August 2019 at the Museum and Art Gallery of the Northern Territory. Approximately 4,000 guests are expected to attend the awards and it is proposed that liquor be supplied at three different functions, as follows:
 - a. A cocktail function with 350 invited guests from 17:00 hours to 19:00 hours – the guests will all be 18 years and over and a range of beers (low to full strength), wine, water and soft drinks will be served with canapés;
 - b. VIP dinner for 120 invited guests from 20:00 hours to 23:00 hours - the guests will all be 18 years and over and range of beers (low to full strength), wine, water and soft drinks will be served with substantial food stations / market stall type dinner; and
 - c. General / public area catering for up to 4,000 public guests from 18:00 hours to 21:45 hours – all ages area with range of beers (low to full strength),

wine, water and soft drinks available from the public bar. Food will be available for patrons and patrons are also permitted to bring their own food into the area.

4. The applicant submitted a detailed Risk Assessment Comms and security plan together with a Traffic Control Plan in support of the application.
5. The applicant has been issued with a number of special licences in the past as well as for this event and there have been no evident compliance issues.

Consultation

6. Notice of the application has been provided to Department of Health, Northern Territory Police, Fire and Emergency Services and Northern Territory Fire and Rescue Service. No objections or adverse comments were received.

Assessment of the Application

7. As previously noted, this is an application for a special licence under section 58 of the Act. That section is within Part VI of the Act. There are no specific criteria prescribed within the Act for consideration of an application for a special licence. Special licences exist under Part VI of the Act and are therefore not part of the definition of "licence" pursuant to section 4 of the Act, namely "a licence issued under Part III" of the Act.
8. As a result, it has previously been determined by this Commission that an application for a special licence is **not** a licence with respect to which I am bound to apply the public interest and community impact test as provided for under section 6 of the Act.
9. The Commission has previously noted however that pursuant to section 3(3) of the Act; it is clear that when "exercising a power or performing a function under (the Act) (**the Commission**) must have regard to the objects of (the Act) and must exercise the power and perform the function in a way that is consistent with those objects".
10. Section 3 of the Act identifies the "Objects" as follows:
 - (1) The primary object of this Act is to regulate the sale, provision, promotion and consumption of liquor:
 - (a) so as to minimise the harm associated with the consumption of liquor; and
 - (b) in a way that takes into account the public interest in the sale, provision, promotion and consumption of liquor.
 - (2) The further objects of this Act are:
 - (a) to protect and enhance community amenity, social harmony and wellbeing through the responsible sale, provision, promotion and consumption of liquor;
 - (b) to regulate the sale of liquor in a way that contributes to the responsible development of the liquor and associated industries in the Territory; and

(c) to facilitate a diversity of licensed premises and associated services for the benefit of the community.”

11. As I have been delegated the authority to make this decision, I too am bound by these objects and they have been considered carefully by me when determining this application.
12. This application is the same as previous years with no compliance concerns raised by Licensing NT or NT Police. I confirm that the applicant has provided a very comprehensive proposal to provide entertainment and refreshments for this year's event.
13. I endorse the comments made by the Commission in last year's decision granting a special licence that this event is a longstanding community event, a significant tourist attraction and is an ideal means of showcasing the Northern Territory's vibrant indigenous culture to the rest of the nation. I am also satisfied that the provision of liquor is very much ancillary to the entertainment being provided during this event.
14. It is as a result of the matters outlined above that I am on balance, satisfied that the objects of the Act have been sufficiently addressed and for the reasons outlined I have decided to grant the special licence as outlined at the start of this Decision Notice.

Notice of Rights:

15. Section 120ZA of the Act provides that a reviewable decision is a Commission decision that is specified in the Schedule to the Act. A decision to issue a special licence subject to condition pursuant to section 59 of the Act is specified in the Schedule and is a reviewable decision. I am exercising the power to make a Commission decision pursuant to the delegation made to me by the Commission.
16. Section 120ZC of the Act provides that a person affected by this decision may seek a review before the Northern Territory Civil and Administrative Tribunal. Any application for review of this decision must be lodged within 28 days of the date of this decision.
17. For the purpose of this decision, and in accordance with section 120ZB(1)(b) and (c) of the Act, the affected person is the applicant.
