Notes:

1/. A project payment of \$500,000 was provided upon execution of the *National Partnership Agreement on the Management of the Former Rum Jungle Mine Site* (Date of payment: November 2009).

2/. Funds were reprofiled between Financial Years (FY) 2011/12 and 2012/13 in Budget Paper No.3, *Australia's Federal Relations 2011-12*, released on 10 May 2011. Those reprofiled funds are FY2011/12 = \$2.4 million and FY2012/13 = \$1.474 million, respectively.

Annual project plans

17. The Territory will provide an annual project plan to the Rum Jungle Working Group and the Commonwealth by 31 July each year, outlining the works proposed to be undertaken in the financial year, including site management and maintenance works, environmental monitoring, activities to develop and inform site management and strategies, and stakeholder engagement processes.
18. The Commonwealth and the Rum Jungle Working Group will have the opportunity to discuss and provide input into the annual project plans through regular Rum Jungle Working Group meetings and discussions.
19. The provision of the annual project plans will not trigger payments.

Annual performance reports

20. The Territory will provide annual performance reports, except for FY2011/12:
 - (a) to the Rum Jungle Working Group for comment prior to providing the reports to the Commonwealth; and
 - (b) together with any comments from the Rum Jungle Working Group and the Territory, to the Commonwealth in accordance with the milestones set out in Table 1.
21. Payments for annual performance reports will be made in accordance with milestones set out in Table 1 upon agreement by the Commonwealth that the performance reports demonstrate that the outcomes of National Partnership Agreement on the Management of the Former Rum Jungle Mine Site set out in clause 9 are being achieved.
22. Following provision of each report by the Territory to the Commonwealth,:
 - (a) the Commonwealth will as soon as practicable, advise the Territory of any amendments or additional information required to enable its agreement to the report and subsequent

payment on the seventh of the following month (i.e. 7 June);

- (b) where the Commonwealth identifies substantive performance issues that mean that it is likely that the report is not going to be agreed to within the timeframe identified above, the Commonwealth will advise the Territory, with the Parties to work together to facilitate agreement to the report;
 - (c) if the issues can not be resolved within 10 days, the dispute will be escalated to the Chief Executive of the Northern Territory Department of Resources and the Secretary of the Commonwealth Department of Resources, Energy and Tourism for resolution;
 - (d) if the issues can not be resolved within 20 days of receipt by the Chief Executive and Secretary, the dispute will be escalated to the Parties' respective Ministers, as outlined in Clause 28 (e) of the National Partnership Agreement on the Management of the Former Rum Jungle Mine Site.
23. Each report is to contain a description of actual activities undertaken in the period to date against the annual project plan and the project outcomes and outputs. Each report should detail:
- (a) site maintenance activities undertaken;
 - (b) environmental monitoring programs undertaken (e.g. ground and surface water, sediment, biological, radiological);
 - (c) progress on the development of site management and rehabilitation strategies; and
 - (d) stakeholder engagement.
24. The final performance report is due as detailed in Table 1 or upon termination of this Implementation Plan.
25. The final performance report will be a stand-alone document that can be used for public information dissemination purposes regarding the project and must:
- (a) describe the conduct, benefits and outcomes of the project as a whole;
 - (b) evaluate the project, including assessing the extent to which the objective in this Implementation Plan has been achieved and explaining why any aspects were not achieved; and
 - (c) include a discussion of any other matters relating to the project, which the Commonwealth notifies the Territory should be included in the final performance report at least 30 days before it is due or as agreed between the Parties.

Quarterly status reports

26. The Territory will provide quarterly status reports to the Rum Jungle Working Group and the Commonwealth on 15 August, 15 November and 15 February each year, briefly comparing the status of project works against the annual project plan. For FY2011/12, a further quarterly status report will be provided to the Rum Jungle Working Group and the Commonwealth on 15 May 2012. These reports will outline, in brief, the works undertaken in the previous quarter, including site management and maintenance works, environmental monitoring, activities to develop and inform site management and rehabilitation strategies, and stakeholder engagement processes.

27. Payments for status reports will be made in accordance with milestones set out in Table 1, subject to agreement by the Commonwealth that the reports demonstrate that progress has been made against the annual project plan. The Commonwealth will make the relevant payment to the Territory on the seventh day of the next month (i.e. 7 September, 7 December, 7 March; and 7 June in 2012 only), in accordance with payment amounts set out in Table 1.
28. Where the Commonwealth identifies substantive performance issues through a quarterly status report that might affect payment, it will advise the Territory of these issues within seven days of receipt of the status report. The Parties will work together to resolve these issues.
29. If the issues can not be resolved within 10 days, the dispute will be escalated to the Chief Executive of the Northern Territory Department of Resources and the Secretary of the Commonwealth Department of Resources, Energy and Tourism for resolution.
30. If the issues can not be resolved within 20 days of receipt by the Chief Executive and Secretary, the dispute will be escalated to the Parties' respective Ministers, as outlined in Clause 28 (e) of the National Partnership Agreement on the Management of the Former Rum Jungle Mine Site.

Payment arrangements

31. Any Commonwealth financial contribution payable will be processed by the Commonwealth Treasury and paid to the Territory Treasury in accordance with the payment arrangements set out in Schedule D of the Intergovernmental Agreement on Federal Financial Relations.
32. Having regard to the estimated costs of projects specified in the overall project budget, the Territory will not be required to pay a refund to the Commonwealth if the actual cost of the project is less than the agreed estimated cost of the project. Similarly, the Territory bears all risk should the costs of a project exceed the estimated costs. The Parties acknowledge that this arrangement provides the maximum incentive for the Territory to deliver projects cost-effectively and efficiently.
