

COMMUNITY BENEFIT FUND

Annual Report 2019-20

Hon Natasha Fyles MLA
Minister for Racing, Gaming and Licensing
GPO Box 3146
DARWIN NT 0801

Dear Minister

In accordance with section 68B (6) of the *Gaming Control Act 1993*, we present to you the Community Benefit Fund Annual Report for 2019-20. The Annual Report details the operations of the Community Benefit Committee and the Director of Gaming Control during the financial year, including full listings of grant recipients and purposes.

Yours sincerely

Charles Burkitt
Chair
Community Benefit Fund Committee

Anna McGill
Director of Gaming Control

* Closing balance includes funds that have been committed but are yet to be paid.

Community Benefit Fund

The Community Benefit Fund was established to provide funding support for gambling-related research and amelioration programs concerned with problem gambling, as well as community benefit grants which provide assistance for general community development and improvement purposes.

Section 68A of the *Gaming Control Act 1993*, provides that:

- (1) The Director must maintain in the Agency's Operating Account a fund to be known as the Community Benefit Fund;
- (2) Money in the Community Benefit Fund is to be applied for the following purposes:
 - (a) research into gambling activity, including the social and economic impact of gambling on individuals, families and the community;
 - (b) promotion of community awareness and education in respect of problem gambling and provision of counselling, rehabilitation and support services for problem gamblers and their families in the Territory;
 - (c) funding of grants for community projects and services of benefit to communities throughout the Territory; and
 - (d) management and administrative support of the Fund.

The Fund receives a 10% levy on player loss from electronic gaming machines in casinos and licensed hotels, unclaimed prizes paid to the Director and proceeds from items forfeited under the *Gaming Control Act 1993*. Each year the responsible minister determines how this money will be distributed by the fund within the four categories of expenses listed above.

Minor amendments were made to the *Gaming Control Act 1993* during the year. These amendments were required, as the Act referred to the Director-General of Licensing, whose position ceased to exist during the year. The Director of Gambling Control is now the responsible Director.

Administrative responsibility

During the year amendments to the *Gaming Control Act 1993* (the Act) resulted in administrative changes to the Fund. The current Act provides that the Director of Gaming Control has responsibility to maintain the Community Benefit Fund (the Fund). The Director's administrative duties in relation to the Fund can be broadly summarised as:

- maintaining the CBF in the agency operating account
- determining the revenue of the CBF through assessing gaming machine levy
- monitoring and reporting on club community contributions
- providing recommendations for Gambling Research, Gambling Amelioration and Minor Grants.

Prior to the changes that came into force on 14 April 2020, the Director-General of Licensing held these responsibilities.

Licensing NT, a division of the Department of Attorney-General and Justice, is responsible for the coordination, management and administration of the program. This includes secretariat and executive support to the Committee as well as promoting the Fund within the wider community. The secretariat is also responsible for the management of amelioration support and research activities, overall fund administration and general reporting of the program activities and progress to Government and other stakeholders.

Committee membership and meetings

The Community Benefit Committee (the Committee) is comprised of community representatives and one government representative. The Committee is tasked with providing the minister with recommendations from all Major Category grant applications.

Community members of the Committee are appointed in an honorary capacity by the Minister. Nominal fees for attending Committee activities may be paid at the discretion of the Minister. Community members are also entitled to reimbursement for out of pocket expenses in meeting obligations arising from participation in Committee activities, consistent with normal government policy.

During 2019-20 the Committee consisted of:

- | | |
|---|---------------------------------|
| • Charles Burkitt – Chair (Darwin) | 01 July 2019 – 30 June 2020 |
| • Nicole Walsh – Deputy Chair (Alice Springs) | 01 July 2019 – 30 June 2020 |
| • Bronwyn McRostie | 01 July 2019 – 8 November 2019 |
| • Stuart Kenny | 01 July 2019 – 30 June 2020 |
| • Suzanne Hullick | 01 July 2019 – 30 June 2020 |
| • Ross Coburn | 01 July 2019 – 30 June 2020 |
| • Jane Munday | 01 July 2019 – 30 June 2020 |
| • Sarah Grogan (Katherine) | 10 December 2019 – 30 June 2020 |
| • Ruth Hillier (Tennant Creek) | 10 December 2019 – 30 June 2020 |
| • Paul Mery (Nhulunbuy) | 10 December 2019 – 30 June 2020 |

Government representative:

- | | |
|--|------------------------------|
| • Alecia Brimson (Darwin)
Director-General of Licensing | 01 July 2019 – 13 April 2020 |
|--|------------------------------|

The Committee met on two occasions during 2019-20.

Industry contribution to Community Benefit Fund

The gambling industry is a major contributor to the Northern Territory economy, with significant investment, employment and taxation revenue effects. It is also a key element in the broader recreational, hospitality and tourism sectors.

However, the industry carries the potential for significant negative social consequences as a direct result of problem gambling aspects, particularly in regard to the operation of electronic gaming machines. To establish a responsible and balanced position for the industry, government requires this sector of the gambling industry to contribute to measures that address the adverse effects it created and, more generally, to improve the broader community environment within which the machines operate.

The required industry contribution is achieved in two ways:

1. through the imposition of a Community Benefit Fund levy on electronic gaming machine player losses from casinos and licensed hotels
2. by direct support to community improvement and development by licensed clubs operating electronic gaming machines.

Community Benefit Fund Levy – casinos and licensed hotels

The Fund is established under the *Gaming Control Act 1993* to consolidate and manage the Community Benefit Fund levy collected from the operation of electronic gaming machines in Casinos and licensed hotels. Funding is directed to specific areas of activity as specified in the legislation.

Community support contributions – licensed clubs

As part of the arrangements for allowing gaming machines in community venues, clubs are required to make contributions to the local community and report those contributions on a regular basis. Guidelines exist to clarify what can be legitimately reported as a contribution.

Section 68B(1)(b) of the *Gaming Control Act 1993* requires the Director of Gaming Control 'to monitor the contribution made to the community by clubs that are licensees under the *Gaming Machine Act 1995*'.

In 2019-20, community support contributions from licensed clubs totalled \$2.7 million, equating to 9% of net gaming machine revenue received. This represents a decrease of 5% from the 2018-19 community support contributions, which were 14% of the net gaming machine revenue received, totalling \$4.2 million. (Table 9 refers)

COVID-19

COVID-19 had a significant impact on every aspect of the gambling industry as well as the Community Benefit Fund this year. The closure of venues due to social distancing requirements for two months and the waiving of one month's contribution to assist venues to survive the shutdown, has resulted in three months of Community Benefit Levy not being received into the fund. Furthermore, social distancing restrictions and the uncertainty around the ability to hold community events, saw round two of the Major Community Events Grants program postponed. Going into 2020-21 the revenue situation in the Community Benefit Fund remains difficult to predict and could again be impacted if further closures are enforced.

Gambling Amelioration Grants

The Gambling Amelioration Grants Program was established to support interventions that reduce problem gambling and minimise the harms that result from gambling. Interventions can range from community awareness and education programs through to the provision of counselling, rehabilitation or support services for problem gamblers and their families.

In 2019-20 seven gambling amelioration grants were funded a total of \$1 851 683 to provide gambling amelioration services:

- Amity Community Services Incorporated received \$671 170 for their ongoing gambling harm minimisation service and education program, which includes individual assessment and counselling, maintenance of its website and the Gambling Counselling Helpline. This was the second payment in a five year agreement.
- Somerville Community Services received \$706 491 to continue its problem gambling financial counselling service in Darwin, Palmerston and Katherine. This was the second payment of a five year agreement.
- Holyoake Alice Springs Incorporated received \$154 000 for their Sandplay in Schools program that seeks to provide support for younger children that are affected by harmful behaviours, including gambling. This was the second payment in a three year agreement.
- Aboriginal Resource and Development Services received \$72 134 for their Yolŋu Gambling Dialogues project. This project builds on a 2016-17 CBF grant and will maximise the impact of the resource by using it to facilitate discussions with and between Yolŋu about gambling and community resilience. This was the second payment of a three year agreement.
- Gambling Help Online is a national approach by the states and territories to provide online assistance and counselling to people experiencing harm from problem gambling. In 2019-20 the Community Benefit Fund, through a gambling amelioration grant funded \$31 294 towards program.
- Amity Community Services Incorporated received \$85 250 to conduct a public health education campaign for Responsible Gambling Awareness week in 2019. The campaign was based on “Dumb Things I Believed” and sought to raise awareness of gambling myths by associating them with every day myths.
- Waltja Tjutangku Palyapayi Aboriginal Corporation received \$131 344 for their Ninti for Manitjarra (understanding about money) project. The project will conduct workshops with community leaders and other stakeholders to develop and run and evaluate a community awareness campaign about problem gambling.

Gambling Research

Gambling Research activity in 2019-20 was very busy, with seven grants being funded. Two payments related to ongoing grants:

- The final payment of \$347 500 was made to Menzies School of Health Research to undertake the 2018 Northern Territory Gambling Prevalence and Wellbeing Survey including a qualitative follow-up study that looked at both the 2015 and 2018 Prevalence Surveys.
- The Northern Territory, through a community benefit fund research grant of \$39 170 continued its participation in Gambling Research Australia, which is a national approach to funding gambling research.

Five new grants were also awarded and paid during the year:

- The Australian National University received \$104 480 to develop an audit tool that can be used to assist compliance activity, particularly in relation to the Code of Practice for Responsible Gambling in the Northern Territory.
- Charles Darwin University received \$80,745 undertake a scoping study which investigates gambling behaviour in non-English speaking populations in the NT.
- Menzies School of Health Research received \$112 370 to undertake an extended analysis of the 2015 and 2018 Gambling Prevalence and Wellbeing Survey.
- Menzies School of Health Research received \$177 151 to do a qualitative investigation of indigenous gambling behaviour, consequences, risk factors and help-seeking in the Northern Territory.
- Menzies School of Health Research received \$62 905 to undertake a study on the Social Cost of Gambling in the Northern Territory, which incorporates information on the incidence of gambling related harms.

Major Community Organisation Grants

The Major Community Grants Program was established in 2008-09 to provide funding support to not-for-profit Territory-based organisations for community development and improvement purposes. The maximum grant available for each project is \$250 000 and organisations can only have one active major grant at any time. Each year there are two rounds of assessments conducted for Major Grants. A regional summary of the Major Grants can be found at Table 2 and a list of successful applicants can be found at Table 6.

Table 2: Major Community Organisation Grants approved in 2018-19 and 2019-20 - summary by region

Minor Community Organisation Grants

Minor Community Organisation grants are available to support projects which have the potential to improve the wellbeing and lifestyle of Territorians. Funding for a wide range of purposes may be provided to eligible not-for-profit Territory-based community organisations.

The maximum amount that can be applied for increased to \$15 000 this year. Funding is provided for non-recurrent expenditure and is available only for clearly identified projects which can be completed within specified time frames.

Priorities have been established for these grants and the two priorities identified in 2019-20 were for applications from Grass Root Organisations and applications that will have an ongoing benefit beyond the life of the grant.

Table 3 provides a regional summary of applications received and approved and a full list of successful applicants can be found at Table 7.

Vehicle Gifts

The Community Benefit Committee considers applications for vehicle gifts and makes recommendations to the Minister. Two rounds of Vehicle Gifts were held in 2019-20. There were 125 vehicle gift applications received with 16 vehicle gifts being approved.

Table 4: Vehicle Gift Approvals

Major Community Event Grants

Major Community Events funding provides support to not-for-profit Territory-based organisations to conduct community events. Funding is available for up to three years and requests can be made for anywhere from \$15 000 to \$250 000 per year. While two rounds were held this year, the second round was postponed after the closing date due to the uncertainty created by COVID-19. This is why so few applications were approved this year. A regional summary of these Grants can be found at Table 5 and a list of successful applicants can be found at Table 8.
